JMIR Mental Health

Internet interventions, technologies, and digital innovations for mental health and behavior change.

Open access | Peer reviewed | PubMed Central and PubMed, MEDLINE, Scopus, Sherpa/Romeo, DOAJ, EBSCO/EBSCO Essentials, SCIE, PsycINFO and CABI indexed

Q1 Psychiatry

** Highest quartile ranking in top-ranked JCR category*

JMIR Mental Health focuses on digital health and internet/mobile interventions, technologies, and electronic innovations for mental health, addictions, online counseling, and behavior change. The mission of *JMIR Mental Health* is to remain a premier journal that advances evidence-based care, improves accessibility, and enhances the effectiveness of digital mental health solutions. The journal also explores innovations in digital psychiatry, e-mental health, and clinical informatics in psychiatry and psychology, with an emphasis on improving patient outcomes and expanding access to care.

We welcome rigorous evaluations that demonstrate the real-world impact of digital solutions in mental health. *JMIR Mental Health* serves as a vital platform for researchers worldwide to share their contributions and shape the future of mental health care.

i JMIR Mental Health is the official publication of the Society of Digital Psychiatry.
